Who might be interested in a tour of West Valley City Hall?

The typical audience for the tours have included boy scout troops, community groups, summer programs & camps, and senior groups.

What does a tour include?

Tours can include a variety of topics and activities. Some of the most common requests include:

- A presentation about how our government works, how city council members are chosen and what their responsibilities include
- A discussion of the day-to-day functions of the various departments and the services they provide
- A walking tour of the building
- A visit to the West Valley City Police Department forensics lab.
- Presentations from various city programs and departments

We can design the tour that best meets your groups particular interests, including merit badge requirements.

How do we sign up for a tour?
